

Iteration 4 Plan

#	Activity	Member Responsible	Review on	Complete by	Depends on tasks
1	Design Pattern Document	Ze Liu	Nov. 16	Nov. 20	/
2	Network Document	Bhuiyan, Md Tanjid Ahmed	Nov. 16	Nov. 20	/
3	JUnit Testing	Kerolos Farag	Nov. 16	Nov. 20	/
4	Final Version Release	Bishal Biswas, Kerolos Farag	Nov. 16	Nov. 27	/

Even though two members mainly involved in coding, the group 4 members all agreed that they should share the code part. JUnit testing is still in the process of studying, so it may relate to other tasks. The group members would try to make the basic functionality work well first, then try to make bonus functionality like AI and save & load work.
